STATE OF NORTH CAROLINA

CORPORATION COMMISSION

EDWARD L. TRAVIS, Chairman. WILLIAM T. LEE, Commissioner. GEORGE P. PELL, Commissioner.

A. J. MAXWELL, Clerk.

RALEIGH, N. C., December 1, 1916.

His Excellency, LOCKE CRAIG,
Governor of North Carolina.

SIR:—As required by law, we have the honor to submit herewith the Fifteenth Annual Report of the State Tax Commission.

The report covers formal orders issued by the State Tax Commission during the year ending October 31, 1916, and the statistical tables cover taxes levied and collected for the fiscal year 1915.

The Commission finds gratification in the condition of the State's finances at the close of the fiscal year 1916. The fact that for the first time in twelve years the current receipts have met all current expenses, and retired some of the accumulated short term loans, with a small net cash balance in the Treasury, demonstrates that the equalization of assessment of real estate as between counties in 1915 was accurately and adequately calculated to meet the necessary demands of revenue as well as to serve the ends of equalization.

There has also been a very gratifying increase in revenue from special sources other than the general property tax. The General Assembly of 1913 was confronted with a demand for larger revenue, and the Commission presented to the Finance Committees of that General Assembly a suggested revision of the franchise and license tax sections of the revenue act, with suggestions of improved methods of listing and collecting. These suggestions were in part embodied in the Revenue Act of 1913, and continued and further improved in 1915, and it is interesting to review the increased revenue from these sources.

The total taxes collected by the State from franchise taxes on public service and domestice corporations, inheritance taxes, automobile and schedules B and C license taxes for the two years 1911 and 1912, under the Revenue Act of 1911, was $516,022. This was increased for the succeeding two years of 1913 and 1914, under the 1913 act, to $999,245,

and for the two years 1915 and 1916, under the further improved revenue act of 1915, it reached $1,347,943, and for the single year 1916, alone, $799,245.

The inheritance act alone produced revenue in 1916 of $153,729, which may be said to be the first year it has reached the point of an important revenue producer. It has required some years of experience to develop a practical revenue-producing act, and to get even a fair beginning in the enforcement of it. In many cases it has been difficult to get coöperation in its enforcement, and it has been contested in many cases. During the present year the Commission has carried three cases to the Supreme Court, not so much for the importance of the revenue in either case as to get authoritative interpretation of its provisions, and in each case our highest court has sustained the Commission completely. The lines are now pretty well settled, and no well-advised attorney will permit final settlement of an estate without seeing to it that any taxes due are paid. They constitute a continuing, interest-bearing obligation *until paid,* chargeable against the administrator or executor as well as against the direct beneficiaries, and an attorney who permits a client administrator or executor to dispose of assets of the estate without full settlement of this tax will find himself and his client in an embarrassing situation. This tax is still in its infancy as a revenue producer. It responds slowly to changes in the statute for the reason that two years is given for settlement of estates. The general provisions of the present act are adequate to produce much larger revenue in future, and its revenue provisions should not be changed. We will have some suggestions in detail to present to the Finance Committees as to its administrative features.

The General Assembly of 1915 increased the contingent appropriation for the use of the State Tax Commission from $6,000 to $10,000. A part of this was used in 1915 to employ, for about six months each, three traveling auditors to make up for the sheriff in each county a list of all parties liable for a license tax under Schedule B. This resulted in increasing the amount collected for the State from special license taxes by the sheriffs and tax collectors from $167,964 in 1914 to $212 904 in 1915, and there was, of course, a like increase in collections from the same sources for the benefit of the counties. In 1916 these auditors were not put on till November 1, just a month before the close of the State Treasurer's fiscal year, and the collections for the fiscal year 1916 fell back to $178,425, but the taxes are being listed and collected, and the shortage will appear in the collections reported for 1917. It has clearly been a good investment for both the State and the counties.

We do not have another assessment of real estate until 1919. The views of the Commission with respect to assessment of real estate were embodied in its report for the year 1914, and it is not necessary to repeat them in this report.

Respectfully submitted,

E. L. Travis, *Chairman;*
W. T. Lee,
George P. Pell,
Commissioners.

COMPLAINTS AND DECISIONS

IN RE ASSESSMENT OF HIGHLAND SPRUCE COMPANY IN YANCEY COUNTY.

TRAVIS, *Chairman.* This was an applicaton of the Highland Spruce Company, a corporation, alleging that the real property of the corporation in Yancey County was assessed at $107,000, which was excessive and which the Board of Equalization of Yancey County refused to reduce.

It appears that this company purchased and owns a tract of mountain land containing 8,940 acres which seems to have been purchased mainly for the spruce timber that was on it. The valuation of $107,000 placed on this property by the local authorities seems to have been influenced by the large consideration paid by the company for the tract of land, as appears upon record. With this consideration unexplained it was quite natural to place the assessment at this figure, and if the consideration recited in the deed of record was at all representative of the true value of the land that assessment would have been a low one for it, but, upon the hearing, it was made to appear pretty plainly and practically without contradiction that the large consideration recited to have been paid was based upon the estimate that the tract of land contained 240,000,000 feet of accessible spruce timber. It also appeared that this timber had all been cut except that on five hundred acres, the proportion already cut being about five-sixths (5-6), and that the puantity of spruce timber cut up to that time amounted to about only 30,000,000 feet, and that there remained uncut on the tract of land on the first day of May, 1915, about 6,000,000 feet. It is quite clear, therefore, that the amount of spruce timber was very greatly over-estimated, and the purchase price recited in the deed, therefore, very greatly in excess of the real value of the land.

It appeared at the hearing that spruce timber is worth about $2.50 per thousand feet on the stump. There was some testimony that the spruce timber on the tract of land was only about half cut. The witness testifying to this reached his conclusion merely from general observation and not having made any estimate of the timber remaining on said land, while the estimate of 6,000,000 feet remaining was the estimate of experienced timber men who had surveyed the spruce timber uncut and knew what the acreage was and about how much it would cut per acre. It was in evidence that the cut-over land was worth from $3 to $6 per acre. The evidence as to that portion of the land on which no spruce timber was and which had not been cut over was very meager. It seems to be valuable only for the pulp wood and some hardwood which it may contain, the value of which depends entirely upon the accessibility of the timber. It also appeared from the evidence that the property in Yancey County generally was assessed at about one third its actual value.

In consideration of all the facts, it is the opinion of the Commission that the assessment of $107,000 is excessive, and that a reasonable assessment for this tract of land together with the timber which it now contains would be $50,796, and it is therefore,

Ordered, That the assessment be reduced to this figure.

IN RE ASSESSMENT OF PEARLEY & CROCKETT IN YANCEY COUNTY.

TRAVIS, *Chairman.* This is an application by Pearley & Crockett, a partnership, who have purchased the spruce timber on certain lands belonging to Brown Brothers in the county of Yancey, and who also operate and own a railroad running into said timber on which they haul the timber which they are cutting, and a portion of which is also used for the transportation of passengers.

The exceptions are to the assessed value of the timber at $91,000 by the local authorities and the assessment of the railroad, put at twenty miles, at $60,000, making a total of $151,000.

This is another instance in which the county authorities were very naturally misled by the large consideration which it appears from the record was paid for this timber, while the timber actually purchased is very greatly less in quantity than was estimated at the time of the purchase.

It appears that there is uncut on this tract of timber belonging to the petitioners about 32,000,000 feet of spruce reasonably worth $2.50 per thousand feet. The railroad, of which 8.1 miles is what is termed permanent track, and the remainder of which is 4.15 miles, temporary track and movable, is built of 50-pound relaying rail.

Upon consideration of all the facts, the Commission is of the opinion that the total assessment of $151,000 upon the said timber and railroad is excessive, and that a reasonable assessment for the timber and railroad combined would be $100,000, and it is, therefore,

Ordered, That the assessment be reduced to this amount.

IN THE MATTER OF EQUALIZATION OF THE ASSESSMENT OF REAL PROPERTY.

SUPPLEMENTARY ORDER.

The State Tax Commission, sitting as a State Board of Equalization, having further considered the assessments for taxation of property in Chowan County,

It is ordered, That the former order of the Commission in this matter be modified to the extent that the assessment of all real property as made and returned by the Assessors and County Board of Equalization in Chowan County in the year 1915 be increased for the year 1916 five per cent.

By order of the Commission. A. J. MAXWELL, *Clerk.*

May 22, 1916.

IN THE MATTER OF ASSESSMENT OF LANDS OF TALLASSEE POWER COMPANY IN GRAHAM COUNTY.

The Tallassee Power Company filed petition with the Commission to reduce the assessment of its lands in Graham County, the said lands consisting of 9,219 acres, assessed by the local assessor in 1915 at $300,000, and reduced by the Board of Equalization of Graham County to $211,505.

The matter was heard by the Commission at its office in Raleigh May 24, 1916, the petitioners being represented by S. W. Black, Esq., and the Board of Commissioners of Graham County by R. L. Phillips, Esq.

Conclusive evidence was presented at the hearing to show that the lands in question are assessed much higher per acre than other lands of Graham County, but no evidence was presented or contention made that the lands of the Tallassee Power Company are assessed relatively higher in proportion to the market value of the lands than of other lands in Graham County, the petitioners contending that the value of lands by reason of their susceptibility of development for water power should not be given consideration until there has been an actual development of the water power.

The plain requirement of the Constitution is that all property shall be taxed "by a uniform rule, * * * according to its true value in money," and when any property acquires an actual market value in excess of other property around it, it is no discrimination against such property to value it for taxation in proportion to such increased value. Such increased value may be by reason of unusual fertility, exceptional growth of timber, mineral deposits, or, in the language of the statute, "susceptibility of development for water power," but whatever reason may give it the increased market value—if it has the increased market value—it is properly subject to be valued for taxation with reference to such increased market value.

In this view of the case the record presents no ground for finding of discrimination, and the petition is, therefore, dismissed.

By order of the Commission. A. J. MAXWELL, *Clerk.*

Ordered, That the same be and they are hereby overruled.

IN THE MATTER OF INHERITANCE TAX UPON THE ESTATE OF DR. S. W. LITTLE, DECEASED.

ORDER.

This cause coming on to be heard upon petition filed herein by the Trustees of Thomasville Baptist Orphanage, and it appearing to the Commission that petitioner is purely a religious, educational and charitable corporation, not conducted for profit, organized under Chapter 50, Private Acts of 1885, as amended by Chapter 229 Private Acts of 1889, and that its sole business is the maintenance of an orphanage at Thomasville, North Carolina, wherein some 400 indigent orphans are supported and educated, said institution being maintained solely through free will offerings or bequests or devises from charitably disposed persons; and it further appearing that Dr. S. W. Little, late of Davie County, North Carolina, died in July, 1913, leaving a last will and testament in which no bequest or devise is made

to any one in excess of $1,000 except to the said Thomasville Baptist Orphanage, which is the residuary legatee and devisee under said will and as such has become entitled to real and personal property of the value of about $25,000; and it further appearing to the Commission that the executor of said S. W. Little, Mr. M. C. Ijames, has effected settlement of his trust with said Thomasville Baptist Orphanage except that he retains the sum of $205 to be used in the payment of the inheritance tax, if any, upon the property passing under said will to said Thomasville Baptist Orphanage, and said petition having been filed for the purpose of obtaining a ruling from this Commisison as to whether the property passing to said petitioner is liable to the payment of said inheritance tax;

And the Commission being of opinion that under sub-section 3 of section 6 of chapter 285, Public Laws of 1915, being the "Act to Raise Revenue" of 1915, that the property passing to the said Thomasville Baptist Orphanage under the will of said S. W. Little is not liable or subject to the payment of any inheritance tax; it is, therefore,

Ordered by the Commission and adjudged, that the property passing to the petitioner Thomasville Baptist Orphanage under the will of Dr. S. W. Little is not liable or subject to the payment of any inheritance tax under the laws of North Carolina.

By order of the Commission. A. J. MAXWELL, *Clerk.*

W. S. WHITING, PETITIONER, vs. BOARD OF COMMISSIONERS OF AVERY COUNTY.

PELL, *Commissioner.* This matter coming on to be heard before the Commission and evidence by affidavit being presented by William R. Lovill, Esq., Attorney for the Petitioner, showing that in the judgment of Messrs. Ervin Green and W. S. Harmon, two of the three commissioners appointed by the County Commissioners of Avery County to assess the lands described in petition, the aforesaid lands were over-assessed by them and that a fair and reasonable assessment would be $10 per acre;

It is ordered, That the County Commissioners of Avery County be required to assess the said lands on the tax books of said County at the sum of $10 per acre.
